HIM

International School

Message from the Chairperson

There are many reasons why we decided on building an educational institute in Arunachal; but at the core of all these reasons, would be our wish to provide the best education to the children in Arunachal. We are well versed in sending our children away with the hopes of giving them the best education that we could provide for them. As all of our children have completed their studies out of their home state, I have seen how it can affect the bond between the child and their home, but that is to be expected when they spend most of their childhood away from home. Not only that, they do not get to attend and experience our traditional festivities and so, they also lose touch with their culture and tradition. These thoughts saddened me and so, my husband and I decided upon building a premier educational institute which would provide the best possible education to the children who will be the future of Arunachal.

- Nannu Wahge

From the Principal Advisor

It gives me great pleasure to introduce you and your child to HIM International School, where so many wonderful learning opportunities and experiences are just waiting for them. It truly is a great place to think and grow!

Creative & challenging

We aim to inspire every child – whatever their abilities – to achieve their very best. Our school isn't just about knowledge and skills though; it's also about inspiring children to be creative and look at the world differently and about challenging them to be fascinated by lessons and subjects.

Philosophy

To help children look at the world differently, we build philosophical enquiry for children into much of what we do. Philosophy is important to HIM. It encourages our children to develop open, enquiring minds, value reasoning, develop self-confidence and be respectful of different opinions.

Dedicated staff

A key factor in your child's learning journey are the adults they interact with, and we have a highly experienced, skilful, dedicated teaching and support staff. They work together to provide flexibility in meeting the needs of all pupils.

Parent partnership

Parents are very important to us, as you will see by reading this prospectus. We know that our partnership with you, as parents, is a key factor in your child's success. So, we will work hard to involve you in every step of your child's journey through these important primary years. We will show you how to support your child at home and celebrate achievement and progress together.

Finally, I hope that you enjoy reading this prospectus, and I invite you to visit and look around our fantastic school.

- **Amitabh Mohan**

A leading Psychologist, eminent Educationist, popular Trainer, HRD Consultant and Managing Director of HLS India with more than 25 years of experience, is the 'Principal Advisor' to the school. AT HIM...

A joyful educational environment where your Child feels Safe, where your child is Important, where your child is Loved, and where you as a parent are treated lovingly too. We help our students to be Happy!

We believe the object of teaching a child is to enable him to get along without his teacher later in life, our teachers can change lives with the right mix of chinks and challenges. We help students to be Independent!

Our aim is to provide each child with education in a happy and structured, play environment by means of a stimulating and interesting program. Our teaching pedagogy ensures that every child develops the ability of 'learning to learn'.

We help students to be Motivated!

Our Academic Programme

HIM International School provides a stimulating academic program that emphasizes individual conscientiousness and respects individuality in its creative inference.

The school-curriculum, a blend of the best in National and International Curriculums is aligned to current understanding of learning and teaching. It focuses on developing the whole child, individualizing student support, giving students a global and local perspective, developing skills for the future and nurturing the gifted and talented students. It not only facilitates seamless progress from formative years through schooling while ensuring smooth transition from one curriculum to the other but also encourages students to be active learners who explore, understand and participate in the world around them. It lays conscious effort towards inculcating non-cognitive skills such as leadership, conflict resolution, self-discipline and ethical decision-making in tandem with technical abilities vital to excel in professional pursuits.

The School is soon to be affiliated to the Central Board of Secondary Education (CBSE) of India curriculum.

Acres of Joy - The Campus

The school building features contemporary architecture set in a sprawling 18 acre campus. The design philosophy is to provide appropriate spaces for exciting learning and adequate interaction among school community. Manicured lawns and evergreen plantations add to its grandeur. Beautiful structures have been erected with liberal use of glazing and inter-arch roofs.

Smart Classrooms

Our classrooms are spacious and well-ventilated with ample natural and artificial lighting. Ergonomically designed furniture, a combination of white boards, display boards, teaching aid displays and LCD projection equipment, facilitate the learning process. All class-rooms will be equipped with Interactive Smart Class Boards.

Laboratories

Laboratories have been set up to get live experience in the science and social science lessons. In keeping with the requirements of a contemporary and progressive educational institution, we have a fully equipped air-conditioned computer lab. Large number of computers for students are interconnected through our Local Area Network to conduct classes. Both theoretical classes and practical classes are held. Students are trained to operate the computer themselves.

Language Laboratory:

It caters to Foreign and Indian Languages. This has audio-visual equipment for pronunciation, listening skills, presentation skills and interactive language learning activity.

We will soon be equipped with ultra modern Science & Maths laboratory with technological models and tools to inculcate interest in science and develop scientific temper in students.

Wi-Fi System:

A dedicated Inter-net leased line with optical fibre network across the campus facilitates the use of laptops and other equipment.

Amphitheatre: A large Amphitheatre, will be used for stage

performances, slide shows or video projections.

Seminar Hall cum Audio-Visual Room:

A fully air-conditioned facility; it is equipped with a Computer, a Projector, wired and wireless mike, a stereo system and screen as well as artificial lighting. This will be used for principal-parent meetings, exacting lectures by various experts, seminars, prestigious inter-school events as well as House Competitions like debates, quizzes, declamations, extempore speaking and elocution, thus aiding in enhancing knowledge, confidence and motivating the students to become excellent orators.

Activity Centre:

This one of its kind Activity Centre houses facilities for diverse visual and performing arts. The performing arts wing is fully air conditioned and has excellent sound proof studios for different activities. The creative art

wing houses numerous well lit art studios for painting, crafting, sculpturing etc.

Library cum Resource Centre

There is well-equipped Library, with an extensive range of reference books, newspapers, magazines, periodicals, educational CDs, computer workstations, printer and photocopier. There is a computer aided referencing system, which enables students to rapidly locate books of their choice As part of the focus on e-learning, students are encouraged to use the Internet and to access online International libraries for information.

SPORTS

Enriching Opportunities

Students benefit from our exceptionally strong provision in Sport and the Arts, plus a wealth of extra-curricular activities.

Sporting Spirit

Our Sports System helps to incorporate a team spirit, encourage competition and recognise individual student achievement in its widest sense. The development of mind and body go hand-in-hand and therefore, sports are an integral part of our education. Students are encouraged to participate in various intra-school and inter-school tournaments.

For Day as well as Residential students, there are provisions for various sporting activities, which includes, judo (for self-defense), lawn-tennis, table tennis, badminton, basketball, volleyball, carom, chess, football, and cricket. To improve respective sports, we have engaged expert coaches and trainers from India who impart invaluable tips to students to hone their skills.

A football ground, athletic track, tennis court, outdoor basketball court, a modern gymnasium, yoga room, long jump / shot put / high jump arenas, badminton and volleyball courts and rock climbing wall etc. reflect our seriousness towards sports.

This channelizes their energy in the right direction. The facilities available are some of the best in the country.

Creative Inspirations

At HIM International School, we recognise that children of all ages have a deep well of creativity, and Creative Arts are a particular strength of the life at the school. Students will be given exposure in different types of art & craft, pottery, sculpture, textile, photography etc.

There will be equal opportunities provided to students to showcase their talent in performing arts. Both Western and Indian styles of Music & Dance will be taught in equal measure to students to develop their skills and musical aptitude.

WORKING IN PARTNERSHIP WITH PARENTS

At HIM we recognise the importance of working in close partnership with our families for the benefit of all our children. Teachers provide information on homework expectations, procedures and class routines. Letters will also be sent out detailing information about special parent meetings, training and class visits.

The school endorses an 'open door' policy and parents are welcome to discuss any issues, problems or concerns with us at any time. However the Headmistress or a senior member of staff is available to speak with you at any time. We are always happy to return phone-calls if parents are not able to come to school. Remember, if your child has a problem or is concerned about something important, we will deal with it as soon as possible.

General 'Meet the Teacher' sessions will be organized every year. At these meetings the year team will share classroom routines and expectations with the parents. Later on in the term, parents will be invited to meet their child's class teacher individually to discuss their child's progress and agree targets for learning.

There will be regular open days where parents will be welcome to view their child's work and look around the school.

HOME LIVING AT HIM

Sending children to a residential school is one of the hardest decisions for parents to make. But once you visit our school and experience the unique environment that is protective and attentive like home, world class learning facilities, and friendly staff you will be in no doubt about your decision.

The hostel for both boys & girls has comfortable dormitories with adjacent washrooms, common room (with television, newspapers, music systems, computers and indoor games) and a study room for self study. Highly trained wardens and staff will be on the premises and cater to every need of the students. The friendly hostel staff is available round-the-clock to attend to all the immediate requirements as well as to supervise the domestic arrangements. They are by their side to ensure that meals are taken on time, every student goes to bed on time and children who are unwell are taken care of by the resident medical staff.

Dining

We will ensure that every meal is healthy, hygienic and sumptuous. An in-house dietician will plan nutritious and balanced meals. All meals will be prepared in an ultra-modern mechanized kitchen. RO filtered drinking water will be provided to doubly ensure good health. The professionally qualified mess staff is being trained to be suitably attired and handle food in a hygienic manner.

Medical Facilities

The School has a well equipped Wellness Centre, with a visiting doctor and a trained nurse. All cases of injury or illness will receive medical attention. In addition, regular eye & dental and general health check-up records of all students will be maintained. We have arrangements with good hospitals to provide prompt attention in the event of medical emergencies.

Safeguarding Children

HIM International School is a safe place for children, where our responsibilities for safeguarding children are taken seriously. The school is surrounded by a high security boundary wall reinforced at the top with electrified fencing. CCTV cameras are positioned at all entrances and exits to monitor all activities, without interfering with the privacy of students. In addition, well-trained male and female security guards patrol the area 24x7. No one can enter the premises without proper authorization, which is further verified. A firefighting system with highly sensitive alarms further strengthens the security.

Admissions

HIM International School offers admissions from KG to Grade VI for its academic session 2017-18. Applicants downloading registration form from website of the school need to pay the fee later in the school during the time of submission of the Form. We follow a smooth registration process and the details are as follows-

Registration Process
